

## TEXTS, NOTEBOOKS AND SUPPLIES

Most essentials are supplied by the District School Board of Niagara. It would be greatly appreciated if parents would encourage their children to handle texts carefully and to use notebooks and supplies wisely. In cases when school texts or library books are lost or damaged by a student, a nominal charge will be levied for its replacement.

One of our most frequently asked questions posed by parents in the first weeks of school is, “What school supplies will my child need to purchase for the use in his/her classroom?” Here is a suggested list of supplies by grade level for students to have in September 2008.
